BIG BLUE BUTTON

Big Blue Button (BBB) is a browser-based video conferencing tool which is commonly used for synchronous lectures and seminars. It also has a built-in chat function, breakout rooms, surveys and more.

Session links will be provided by your lecturers.

EMAIL ADDRESS

Please use your JLU email address for every communication related to your studies at JLU.

You can use the web client "Horde" to access your emails via a web browser.

STUD.IP

Stud.IP is a JLU-based learning management system (LMS) where you will find your courses. Lecturers often use this platform for organisational and informational purposes and to upload study material.

studip.uni-giessen.de

ILIAS

ILIAS is another LMS. Lecturers may include their e-lectures, exercises, tests and other tools for collaboration. With the help of ILIAS, lecturers can provide study material in a more interactive manner. It depends on the lecturer which LMS is used in his or her course.
