

A Guide to Research

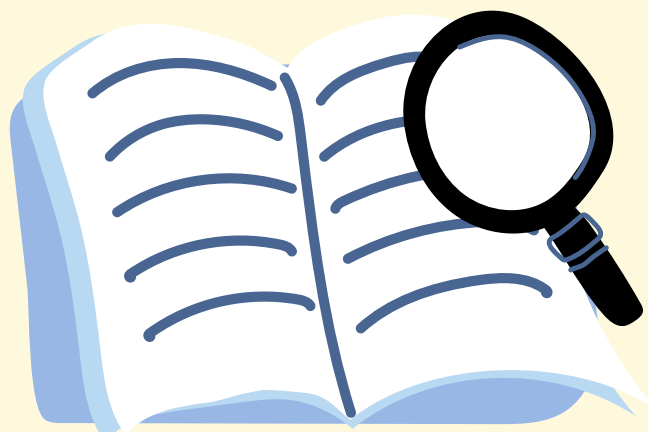

How to Use JLU's Library and Find Results Online

JUSTfind: JLU's Online Catalogue

You are looking for a book, an article, or literature on a specific topic? JUSTfind it!

<https://hds.hebis.de/ubgi/index.php>

Catalogue (OPAC), Articles & More

You have the following search options:
Either you browse through the library's catalogue or you choose to look for articles with free access.

Advanced Search

The advanced search lets you enter a variety of parameters to specify what you are looking for.

EZ Proxy for Access

Via EZ-Proxy you can easily access licensed e-media from anywhere. You can log in with your student-ID.

<https://login.ezproxy.uni-giessen.de/login>

Use Academic Search Engines

While searching online try to use specific search engines in order to find academic sources like Google Scholar or CORE.
